58

Our participants hail from 58 countries spread across 5 continents.

\$21,000

81% of participants have an annual household income of less than \$21,000;
60% earn less than \$16,000.

Types of Work

54%

Of those participants reporting they are employed, 54% work full time and 46% part time. The most common types of work are restaurant work, home health aide/home attendant, and cleaning.

59%

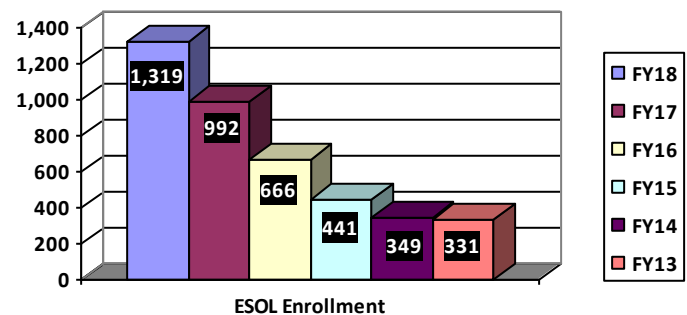

of participants do not have a high school diploma. HSE Classes are a critical resource for those seeking better opportunities.

40

With support from the Pascale Sykes Foundation, we launched a new family strengthening collaboration, Familia Adelante/Family Forward. With our partners Fiver Children's Foundation, Qualitas of Life Foundation, and mindfulness practitioner Tanya Valle, we engaged 68 families in activities and enrolled 40 families.

Those 40 families achieved 261 behavioral outcomes and 20 family goals.

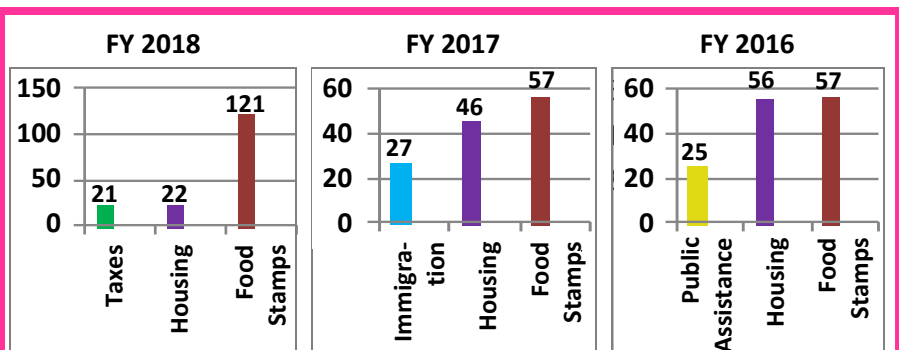

1,319

We enrolled 1,319 students in ESOL classes (English for Speakers of Other Languages). With more funding from NYC DYCD, we added 9 additional ESOL classes to make a total of 25 classes being offered. We also offered classes at a third location, Taft High School, to serve the Highbridge area.

185

We submitted 185 naturalization applications, 148% of our goal! We also submitted 49 DACA renewal applications, 14 more than the previous year, and 41 Green Card renewals, 16 more than the previous year.

181

We provided 346 case management sessions for 181 individuals. This year we added follow-up interviews to track whether participants' issues were successfully resolved.

250

Youth Programs provide more than 250 young people with over 23,000 hours of "off-the-street" enrichment programming each year in a safe, supportive environment.

THANK YOU

to all of Mercy Center's friends, volunteers, and supporters. We could not have had such a successful year without you!
